ACKNOWLEDGEMENT

I would like to express my gratitude to Sir Najam Moin for his invaluable guidance and support throughout the development of the music website, Sound. His extensive knowledge and expertise in the field of web development were instrumental in ensuring the success of this project.

secondly i would like to thank the Aptech Head Office for providing me with the opportunity to work on the music website, Sound.

SYNOPSIS

Sound is a music website that allows users to register and login to access a wide variety of music. Upon logging in, users can search for their favorite music and listen to it directly on the website. Additionally, Sound also allows users to download the music they enjoy for offline listening.

Whether users are looking for the latest hits or classic tunes, Sound's extensive music library has something for everyone. With easy-to-use navigation and search functions, users can quickly find the songs they want to listen to.

Overall, Sound is the ultimate music destination for music lovers looking to discover and enjoy new music. With its user-friendly interface, extensive library, and convenient download options, Sound is the perfect place to explore and enjoy the world of music.

CUSTOMER REQURIMENTS SATISFACTION (CRS)

At Sound, our top priority is customer satisfaction. We strive to provide our users with the best possible experience when it comes to discovering, listening, and downloading music.

We understand that music is an essential part of our users' lives, and we are committed to delivering a seamless and enjoyable experience for them. Our extensive music library, user-friendly interface, and convenient download options are all designed with the user in mind.

We also value our users' feedback and continuously work to improve the Sound website to meet their evolving needs. We are always open to suggestions and ideas for new features and functionality.
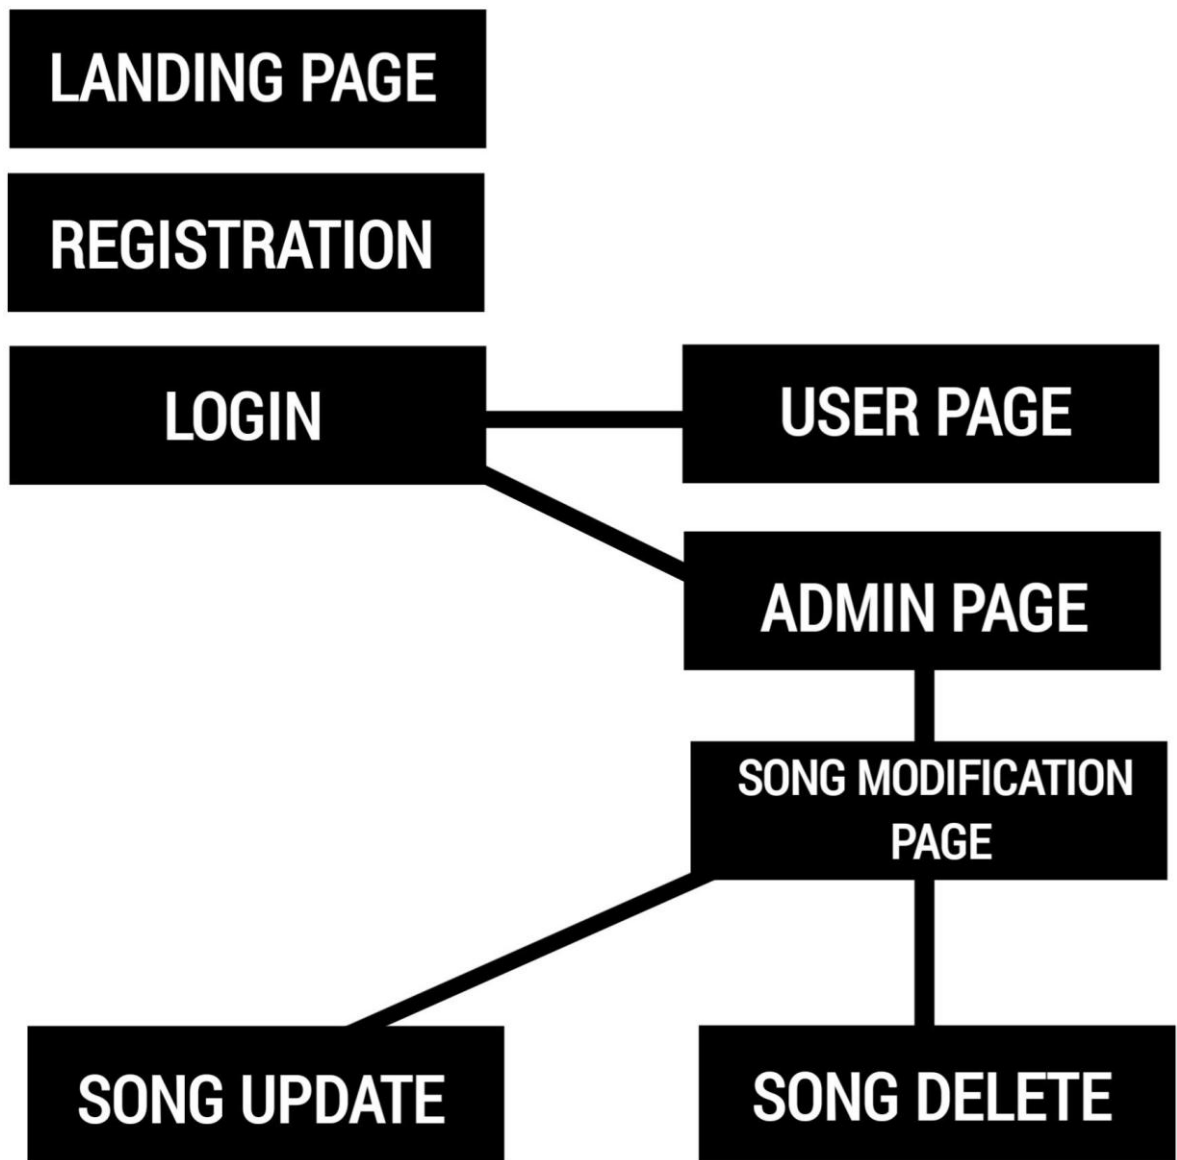

Our goal is to ensure that every user who visits Sound leaves feeling satisfied with their experience. Whether it's finding a new favorite song or downloading a classic tune, we want our users to enjoy every aspect of the music discovery and listening process.

In conclusion, we take customer satisfaction very seriously at Sound, and we are committed to providing our users with the best possible music experience. We thank our users for their continued support and feedback and look forward to serving them for years to come.

SCOPE OF WORK (IN BRIEF)

Overall, the scope of work for the Sound music website was comprehensive and required expertise in PHP, MySQL, JavaScript, HTML, and CSS. The end result is a user-friendly, comprehensive platform for music lovers to discover, listen to, and download their favorite tunes.
